PANSY PLANTS

In **Clovena Nurseries**, "Home of the Pansy and Gladiolus," we have demonstrated that we can grow finer and better pansies both as to quality of bloom and vigor of plants, cheaper by reason of the natural advantages of soil and moisture, than any grown in this country. We are growing over 100 distinct colors and varieties. The wonderful root development in our plants, as shown in accompanying half tone, is caused by the natural character and condition of the soil. We are prepared to grow plants under contract from seed furnished, or our own, at special prices. **Strong stocky plants from seed beds** ready in August at following prices.

FIBROUS FERN MOULD.

We have a deposit of rotten fibrous peat, four to six feet deep, which burns readily when dry. This is the mould that makes Clovena Nurseries the home of the Pansy. It is especially suitable for Ferns, and all kinds of plants requiring a loose, fibrous soil. We offer it in sacks containing 1 bbl. at 75c. In lots of fifty sacks or more, 50c. each f. o. b. B. & O. R. R., near Nurseries. Samples free.

HEADQUARTERS FOR EVERYTHING KNOWN IN PANSIES.

CROP 1904

We have again added all the Novelties in Pansies this season to our already Complete Collection. We, therefore, continue to state that we have "EVERYTHING KNOWN IN PANSIES," as this list contains the cream of over twenty growers and specialists in pansies abroad and at home, and comprises the largest collection of varieties and strains in the world.

QUANTITY. We annually sell more pounds of Florists' Pansy Seed than any half-dozen large seed houses combined in this country, and hence offer many kinds that cannot be had elsewhere. We can, consequently, supply first-class stock at lowest prices. We should be pleased to make estimates to those **dealers and seedsmen who buy by the lb.** if a list naming kinds and quantities of each required is furnished.

QUALITY. Only the best and purest seed are used for seed stock from which to grow our supply, by Pansy specialists, on special Pansy soils. Our stock should not be compared with cheap imported seed from Continental dealers who supply domestic commission houses. Such stock can be obtained for less than half what it costs to produce our florists' stocks.

Grand Pansy Headquarters

We furnish many thousand Florists with their entire supply of Pansy and other Seeds every year, with perfect satisfaction. To responsible Florists who have never planted our seeds we suggest that they take advantage of the

Special Feature, "Order Plant, then Pay,"

which we inaugurated in 1892, and FILL OUT THE BLANK on opposite side and receive our

Grand Pansy Introduction Collection No. 2736

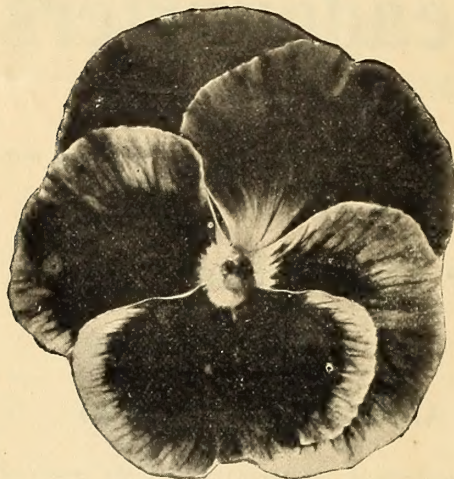

for 1904 revised to date. It comprises one regular packet, each of 125 seeds (in all 6,875 seeds), of the fifty-five kinds and strains enumerated in Section 2, page 3, Special Pansy Price List for 1904. The actual value of this collection of fifty-five packets at our special price is \$3.27 and at the regular seedsmen's prices would cost over \$6.00, and at pansy specialists' 1,000 seed rates would cost over \$4.00. Our price is only \$2.00 prepaid on the foregoing liberal terms. This is the finest collection of Pansy seeds ever offered. Many who grow their own seeds order this collection year after year from which to grow the stock plants. Pansy plant growers plant largely of our strains, as the stock always sells. We invite comparative and competitive trials.

P. S.—Cash Offer : We allow 25 cents off above price if cash (\$1.75) accompanies this blank.

SPECIAL BLENDS OF CLOVENA PANSIES

Our seeds are grown and saved in separate colors and strains, and blended after harvest by set formulas, thus securing uniform mixtures that can be depended upon. This season we have again improved each blend by adding many new colors and markings.

Types of bloom found in 2632—New York Giant Market Blend.

2632. New York Giant Market Blend.—A mixture of robust, hardy, free-flowering giants of fine colors, with a good percentage of yellow, blotched and light grounds so popular and in great demand around New York City. While the blend will not produce the variety of colors and flowers of as great substance as our New York Fancy Show Blend No 2710, it is a very fine mixture for florists who need a first class stock at moderate price. Price of seed, prepaid, packet of 125 seeds, 7 cents. Trade packet, 2,000 seeds, 50c. Trade packet, 5,000 seeds, \$1.00. Ounce, \$2.50. Strong plants, 100, 40c.; 1,000, \$2.00; 2,000, \$3.50; 5,000, \$7.50.

2709. New Buttercup Blend.—This is an extra mixture of yellow and golden-flowering kinds. We guarantee that every plant will produce flowers with yellow or gold in them—from so'id yellow in different shades, to spotted, marbled, blotched and banded flowers in fire and gold. Price of seed, prepaid, packet of 125 seeds 8c. Trade packet, 2,000 seeds, 60c. Trade packet, 5,000 seeds, \$1.20. Ounce, \$3.00. Strong plants, 100, 40c.; 1,000, \$2.25; 2,000, \$4.00; 5,000, \$8.75.

2710. New York Improved Fancy Show Blend.—On front cover we illustrate seven distinct types from photos of the 100 or more subjects selected from all classes and races at home and abroad and which are combined in this blend. We grow and offer these separately as indicated by number alongside of each cut. Where a grand, showy mixture is desired, covering the widest range of colors and variations in extra substance and perfect form, we recommend this as an ideal mixture that cannot be surpassed at double the price. We are improving this blend every year by adding new colors and markings, but adhere to the old popular price. Packet of 125 seeds, 10c. Trade packet 2,000 seeds, 80c.; Trade packet, 5,000 seeds, \$1.60,

Ounce, \$4.00. Strong plants, 100, 50c.; 1,000, \$2.50; 2,000, \$4.50; 5,000, \$10.00.

2737. Prize Medal Blend—We offer this mixture for strictly fancy exhibition stock. It is made up from seed saved from numbered and named prize-awarded plants of rare blotched kinds, penciled and marked in greatest perfection, so desirable, yet so difficult to develop. It does not contain any selves or as great a variety of colors as our Fancy Show Blend, No. 2710, and is not intended for ordinary bedding or florists' sale stock, except those who have a critical trade and can get the proper prices. With ordinary care or with the masses, it will be a disappointment, but under special cultivation, mammoth round flowers of surpassing substance and quality will be produced. Packet, 125 seeds, 30c. Trade packet 2,000 seeds, \$2.40. Trade packet, 5,000 seeds, \$4.80. Ounce, \$12.00. Strong plants, 100, 80c.; 1,000, \$6.00; 2,000, \$10.00.
